Longer Term Outlook:

As we look beyond this relatively normal storm system that brought some much needed precipitation to California, it appears a dry pattern will return across the state with some slightly cooler temperatures than have been recently experienced. Minor precipitation events may occur in the coming few weeks, but overall the pattern points to a return to below normal precipitation across the state.

SIGNIFICANT EVENTS/ACTIVITY:

Cal EOC Incident – 2014 Drought (No change)

Situation:

The lack of winter rain and snowfall has resulted in drought conditions throughout the State. Some local jurisdictions are implementing mandatory conservation orders. The Governor has established a Drought Task Force to oversee and coordinate the response to this event.

The Task Force continues to be in very close contact with local jurisdictions and state agencies to monitor the health of state's water, agriculture, and economy.

DECLARATIONS/RESOLUTIONS/PROCLAMATIONS:

State:

01/17/14 -- January 17, 2014, Governor Edmund G. Brown proclaimed a State of Emergency and directed state officials to take all necessary actions to prepare for these drought conditions.

Local:

As of 1/28/14, three additional counties proclaimed bringing the total to 7 which include:

01/28/14 - San Joaquin County Board of Supervisors proclaimed the existence of a local emergency, due to drought conditions. There are no specific requests for State or Federal assistance.

01/28/14 - Inyo County Board of Supervisors proclaimed the existence of a local drought emergency due to drought conditions federal and state agencies are requested to provide financial and other assistance to residents, water suppliers, water rights holders, ranchers, farmers, business owners and local governments in Inyo County to help them mitigate the effects of the persistent drought conditions.

01/28/14 - Madera County passed a resolution proclaiming the existence of a local emergency due to drought conditions. There is no request for State Assistance at this time.

01/20/14 - Hoopa Valley Tribe had declared a local emergency due to the drought conditions on the Hoopa Indian Reservation. Resolution 14-01

01/17/14 - Santa Barbara County has declared a local emergency due to the drought conditions. There is no request for State assistance.

01/14/14 -- Kern County proclaimed a local emergency due to drought conditions. Kern County requests a Gubernatorial proclamation and Presidential concurrence. In addition, the State is requested to facilitate the transfer and distribution of emergency water supplies to Kern County as well as coordinate with other State and Federal agencies to assist water suppliers and identify risks to water supplies.

01/07/14 -- Mendocino Board of Supervisors declared a Local Emergency due to the lack of rain and developing drought conditions.
